ABOUT STORMTECH

Born in the rugged west coast rainforests of British Columbia, Canada, STORMTECH's designs are inspired through the lessons learned from the rain, snow, and sun. We pay painstaking attention to mother nature's
varying moods in order to develop the very best in technical outerwear. With design excellence and functionality that blends exclusive technologies, such as H2XTREME®, we build hard-wearing garments that provide maximum protection and comfort so you can get out there and explore with confidence.

Stormtech jackets are built for tough environments (like oil & gas production fields), offering waterproof, windproof, and breathable protection. With rugged durability and ergonomic design, they keep workers dry, comfortable, and focused even in harsh conditions.

Sustainable apparel with minimalist styling.

Stormtech has been awarded the Committed EcoVadis badge for strong performance in sustainability rating assessments, and earned the Climate Smart Certificate in recognition of sustainable business practices.

THERE'S A THOUSAND REASONS TO CHOOSE OCEAN BOTTLE
A BOTTLE
FOR LIFE

ONE FOR ONE **THOUSAND**

Every Ocean Bottle funds the collection of 11.4kg**/25lbs** of ocean-bound plastic, equivalent to **1000** plastic bottles.

Our award-winning sustainable design, 10 year warranty and spare parts for life programme means our reusable products won't get put on the shelf.

An Ocean Bottle product shows the world that its owner is part of a community of people doing good for the ocean and a reminder or the impact created.

HOW IT WORKS

1. Funding plastic collection with every product sold

2. Collectors exchange plastic for money and get access to social resources such as healthcare and education.

3. Ocean-bound plastic is sorted and recycled into new products or co-processed into cement

4. Bespoke impact dashboards for our customers, to show them exactly where they've made a difference

5. Every product is tech-enabled with a NFC chip, allowing consumers to connect to the Ocean Bottle app.

The Ocean Bottle app keeps on giving

Register your bottle after purchase and Ocean Bottle will collect even more ocean-bound plastic every time you refill, as well as hooking you up with local refill spots.

WE HAVE ALREADY MADE A HUGE IMPACT IN THE COMMUNITIES WE SERVE AND BEYOND.

THE END OF GREENWASHING

TRANSPARENCY, TRACEABILITY, AND GENUINE SUSTAINABLE IMPACT

We believe true sustainability can only be achieved when there is transparency and traceability. Without genuine proof of the use of recycled materials in a product, all sustainability claims can be considered greenwashing. Our IMPACT and CHANGE collections aim to end greenwashing and lead our industry in a new direction.

RECYCLED PET FABRIC

Giving Plastic a Second Life

Global Recycled Standard

PET is one of the most common plastics, widely used for bottles and packaging. Unfortunately, this also makes it a major contributor to global solid waste.

Recycled PET (RPET) offers a sustainable alternative. By reusing existing plastic instead of producing new resin, RPET reduces waste, lowers environmental impact, and gives discarded bottles a meaningful second life.

Benefits of producing Recycled PET fabric over normal fabric:

- Saves Energy
- Reduce pollution (CO_2 emissions)
- Fabric is sturdy - can produce Backpacks, Pouches, Laptop bags, Cooler bags.

We Stock Recycled PET fabric & can supply Bags / Pouches made from GRS certified RPET fabrics in our U.A.E. factory

Organization and Certification

Global Recycled Standard (GRS)

The Global Recycled Standard (GRS) is an international, voluntary, full product stnadard that tracks and verifies a product's recycled content, chain of custody, social and environmental impact and chemical restrictions.

The objective of the GRS is to define requirements to ensure accurate recycled content claims.

Recycled Claim Standard (RCS)

The Recycled Claim Standard (RCS) is used as a chain of custody standard to track recycled raw materials through the supply chain.

The GRS/RCS logo ensures the materials used in the product are genuinely recycled.

Forest Stewardship Council (FSC)

The Forest Stewardship Council (FSC) label is the world's most trusted mark for sustainable forestry.

FSC's pioneering certification system, which now covers more than 200 million hectares of forest, enables businesses and consumers to choose wood, paper and other forest products made with materials that support responsible forestry.
